Dear Mr. Wood:

OSHA has completed the FY 2014 Follow-up Federal Annual Monitoring and Evaluation (FAME) Report for the Oregon OSHA state plan. Attached you will find the final report which includes the current status of the completed and continued findings from the FY 2013 Comprehensive FAME Report, as well as any new findings identified during the FY 2014 FAME. **All 27 State Plans' FY 2014 FAME reports, including appendices, will be posted on OSHA's public web site on Wednesday, July 29, 2015.**

Oregon OSHA does not have any open findings in the FY 2014 Follow-up FAME Report; therefore, no CAP is required.

Oregon OSHA has the option to submit the following information for posting on OSHA's public web page:

1. A formal response to the FY 2014 Follow-up FAME Report (in Word or in a text-based PDF to facilitate web posting).
2. A direct web link to the FY 2014 State OSHA Annual Report (SOAR).

Should Oregon OSHA choose to provide this additional information, please submit electronically to me with a courtesy copy to Eric Lahaie (Lahaie.Eric@dol.gov). OSHA will post web links to this information under the FY 2014 Follow-up FAME Report web link on OSHA's public web site. **If you would like this information included in conjunction with the posting of the FY 2014 FAME reports, please provide to me no later than July 24, 2015.** Information submitted after this date will be posted at OSHA's earliest convenience.

Thank you again for your hard work, support, and cooperation. I am available to answer any questions you may have.

Sincerely,

KEN NISHIYAMA ATHA
Regional Administrator
