Oregon OSHA - Adopted Changes Dipping and Coating Rules in General Industry

Oregon OSHA adopts a new Dipping and Coating standard in General Industry. This rule combines the requirements of the current standards in 1910.122 through 1910.126. This is also part of our initiative to convert our rules into clear language. The standards in 1910.122 through 1910.126 are removed and a new rule OAR 437-002-0122, Dipping and Coating is adopted into Division 2/H.

This is OR-OSHA Administrative Order 9-2007, **adopted and effective December 3, 2007.**

Please visit OR-OSHA's web site: www.orosha.org for proposed, adopted, and final rules, as well as current publications, training opportunities, and much more.
