Kirk Caillier Northwest Education Service District
2410 Fifth Street
Tillamook, Oregon 97141

Dear Mr. Caillier:

This is in response to your letter of July 9, 1996. You reference our telephone conversation regarding your employee who waived the Hepatitis B series, obtained the series later on their own, and is now requesting that the Northwest Education Service District pay for the Hepatitis B shot series.

If they had informed the Northwest Education Service District that they wished to rescind their declination and requested the Hepatitis B series the District would have been required to provide the vaccine series. Because they chose to obtain it independently the financial responsibility for the series would lie with the employee.

Sincerely,

Marilyn K. Schuster, Manager
