

American Society of Safety Engineers – Southern Oregon Chapter

Dear Potential Sponsor:

The Southern Oregon Chapter of the American Society of Safety Engineers (ASSE) provides a high quality and local educational opportunity during the annual **Southern Oregon Occupational Safety & Health Conference**. Our ASSE membership consists of safety, health and business professionals who work to improve safety and health conditions in our workplaces and communities. The Conference helps owners, managers, safety leaders, HR and business professionals, with specialized training designed to keep workplaces safer and address the tremendous monetary and social costs of workplace injuries, illnesses, and fatalities. The conference also recognizes world class safety leaders with awards for life-saving, safety committee and safety program excellence. This year will be no exception as our planning committee is already hard at work.

The 27<sup>th</sup> annual conference will be held at the Ashland Hills Hotel again this year on October 17<sup>th</sup>, 18<sup>th</sup> & 19<sup>th</sup>. We have invited Kerry Barnett, CEO for SAIF Corporation. Kerry is a huge proponent to making Oregon the safest state in the USA.

Without great support from community organizations and business like yours, this remarkable safety conference simply would not be possible. All sponsors will be recognized throughout the event. Contributions from local businesses and agencies helps to offset costs such as attendance fees, meals, speakers, gifts, awards, facilities and other up-front, overhead expenses. For all of these reasons and more, I ask your organization to please consider supporting the 27<sup>th</sup> annual **Southern Oregon Occupational Safety & Health Conference** at the Ashland Hills Hotel on October 17<sup>th</sup>, 18<sup>th</sup> & 19<sup>th</sup>.

If you'd like to make a contribution now, please send a check payable to **ASSE, Southern Oregon Chapter** and mail to PO Box 1481, Medford 97501. Thank you for your time, consideration and support of our local Southern Oregon Occupational Safety & Health Conference.

Respectfully,  
David Hanson  
Sponsorship Coordinator
