# Class Descriptions

**All classes are 4 hours unless otherwise specified.**

***Attending an Oregon OSHA class helps you gain important knowledge and skills. The certificate should not be considered formal Oregon OSHA certification of professional competencies or qualifications.***

## **Hazard Communication– Aligned with GHS**

You will learn how to: write a hazard communication program; complete a chemicals list; conduct employee training; and analyze container labels and Safety Data Sheets (SDS). This how-to workshop guides you through developing and implementing an effective hazard communication program.

## **Worker Protection Standard**

Protection for Pesticide Handlers and Workers: You will learn about the Environmental Protection Agency's (EPA) Worker Protection Standard (WPS). The WPS applies to people who work on farms, in forests, nurseries, and greenhouses. This class qualifies for 4 "Core" pesticide recertification credits for Oregon Private Pesticide Applicator and Pesticide Apprentices licenses. Individuals who have an Oregon Commercial Pesticide Applicator, Public Pesticide Applicator, and Pesticide Consultant license are welcome to attend and are eligible to accrue 4 "Other" recertification credits. This workshop includes Information on what WPS is and its requirements, the difference between pesticide workers and handlers, the pesticide training requirements for both, decontamination requirements, personal protective equipment, elements of the pesticide label as it pertains to WPS, and how and where workers and handlers are notified about pesticide applications.
