

WPS Handler Training Record

Recordkeeping for handler training is required under the [Worker Protection Standard](#) (WPS).

According to the WPS, agriculture employers are required to document each handler's training and maintain that documentation for two years from the date of the training. Documentation should include all of the following:

- The trained handler's printed name and signature.
- The date of the training.
- Information identifying which EPA-approved training materials were used.
- The trainer's name and documentation showing that the trainer met the requirements of [170.401\(c\)\(4\)](#) at the time of training.
- The agricultural employer's name
