Oregon OSHA - Adopted Changes To Division 2/S, the Electrical standard in General Industry

The Occupational Safety and Health Administration (Federal OSHA) published a final rule revising its electrical installation standard for general industry on February 14, 2007. Oregon OSHA adopted the Federal OSHA changes to the electrical installation standard found in Division 2/S as they appeared in the February, 2007 Federal Register.

This rulemaking adopts the additional Federal OSHA changes published in the October 29, 2008 Federal Register. The changes revise the scope of 1910.304(3) Ground-fault circuit interrupter protection for personnel, and addresses some questions raised by stakeholders on the application of the provision. Also two typographical errors located in Table S-3 of 1910.303 are corrected.

This is Oregon OSHA Administrative Order 3-2009, **adopted April 6, 2009 and effective April 17, 2009.**

Please visit Oregon OSHA's web site www.orosha.org for proposed, adopted, and final rules, as well as current publications, training opportunities, and much more.
