Oregon OSHA - Adopted Changes to Compactors and Balers in General Industry

The general industry rule in Division 2/O (OAR 437-002-0256, Oregon Rules for Refuse Collection and Compaction Equipment) is amended to include balers, stationary compactors, and self-contained compactors. It identifies guarding measures, appropriate signage, installation procedures, inspection requirements, and maintenance instructions. It is in plain language for easy reading and understanding.

Based on feedback received during the public hearing held on April 29th, 2009, field site visits, and the absence of any additional comments being made during the extended comment period, it has been decided by Oregon OSHA not to adopt the proposed baler rules for Division 4, Agriculture.

This is Oregon OSHA Administrative Order 7-2009, **adopted July 7, 2009 and effective July 21, 2009.**

Please visit Oregon OSHA's web site www.orosha.org for proposed, adopted, and final rules, as well as current publications, training opportunities, and much more.
