## **Oregon OSHA - Adopted Changes Federal OSHA Corrections and Technical Amendments to Hazard Communication**

This rulemaking is to keep Oregon OSHA in harmony with recent changes to federal OSHA's standards.

Federal OSHA has corrected regulations that were amended by the Hazard Communication standard published in the March 26, 2012 Federal Register. The majority of corrections are to references inadvertently missed in the original publication of the final rule. Other corrections include correcting values or notations in tables, and updating references to terms. These corrections appear in the February 8, 2013 Federal Register.

Oregon OSHA adopts these corrections and amendments in general industry, construction, and shipyard employment.

This is Oregon OSHA Administrative Order 4-2013, **adopted and effective July 19, 2013.**
