Oregon OSHA - Adopted Changes With Federal OSHA Amendments to Mechanical Power Presses in General Industry

This rulemaking is to keep Oregon OSHA in harmony with recent changes to Federal OSHA's standards.

Oregon OSHA is adopting amendments to 29 CFR 1910.217 Mechanical Power Presses, in Division 2/O; as published in the **November 20, 2013 Federal Register**. With this rulemaking, federal OSHA made two main revisions. **First**, federal OSHA revised a provision that requires employers to develop and maintain certification records of periodic inspections performed on the presses by adding a requirement that they develop and maintain certification records of any maintenance and repairs they perform on the presses. **Second**, federal OSHA removed the requirement from another provision that employers develop and maintain certification records of weekly inspections and tests performed on the presses.

No comments were received during the open comment period. Oregon OSHA makes these amendments to 1910.217(e)(1), in Division 2/O in general industry.

This is Oregon OSHA Administrative Order 1-2014, **adopted and effective May 14, 2014**.
