

**Western Pulp, Paper, & Forest Products Safety & Health Conference**  
**Red Lion Hotel on the River – Jantzen Beach, Portland, Oregon**  
**November 30-December 1 & December 2-3, 2021**

***Partners in Safety – Steering Toward the Future***

Dear Potential Sponsor,

This year we are excited to offer the annual Western Pulp, Paper, & Forest Products Safety & Health Conference. The conference is the only safety conference offered to the pulp, paper, converting, and forest products industries that is created by labor, management, and government working together for the greater good...***Partners in Safety and Health – Yesterday, Today, and Tomorrow.*** The Conference committee consists of members representing the industry -- local unions, mill safety management, contractors, and government agencies.

Past attendance has exceeded 450 people and the event has offered more than 50 educational breakout sessions, roundtables, and more than 40 exhibit booths showing the latest safety and health products and services. This year we are scaling down the event size, but repeating the agenda to offer two cohorts for two days each; allowing as many people to attend as in the past, but not all at once!

More than ever, the Conference needs the continued financial support from the local unions, mills, contractors, and products/service vendors in the industry. Costs to hold the conference increase each year and we want to keep the registration fee as low as possible. Your support is a key element in the continual development of the high-quality conference we have all grown to expect.

People attending the conference come away with a better understanding of what they can do about safety in their mill with the knowledge they learned through networking with other peers and learning the latest rules, regulations, and policies and procedures.

The registration fee to attend the 2-day conference is \$225 (Tuesday/Wednesday or Thursday/Friday). Fee includes breakfast and lunch on the day registered and session materials. Income for the conference comes from charging attendee and exhibit booth registration fees and asking for donations from unions, mills, contractors, and exhibitors to help keep the costs of the conference reasonably priced.

Sponsors are recognized in the registration program, mobile event app, and featured in a scrolling PowerPoint at the event in the general session/meals/Exhibits room.

In the past 28 years, organizations like yours have helped sponsor this event. The Conference Planning Committee would like to ask for your support for this year's conference. Whether it's a general sponsorship/in-kind donation or sponsoring a break, lunch, mobile event app, or speakers, your generosity is appreciated.

Please make checks payable to:
