

Department of Consumer  
and Business Services

**Agricultural Labor Housing  
Rule Advisory Committee for OAR 437-004-1120**

**April 24, 2024 1 pm – 3 pm**

[Meeting via Zoom](#)

1. **Welcome** – Sarah Rew (Technical Specialist), Dave McLaughlin (Standards and Technical Manager) and Matt Kaiser (Policy Manager).
2. **Ground Rules.**
3. **Review** rule concept document – “Considerations of General Support” (attached in meeting email).
4. **Discussion** – Are there other rule concepts with general support that were not included in the “Considerations of General Support” document?

**Note:** Items not being included in this document is not an indication of a decision being made but rather a recognition that we do not have general support for the item. Oregon OSHA will present the concepts contained in this document as well as concepts contained in the [November 2023 Preliminary Language document](#) to the Governor’s Office for consideration.

5. **Next Steps** – Oregon OSHA will continue to collect and compile the fiscal details received by stakeholders into one document and share with the RAC. If pieces of information are missing, further communication will occur to gather these details.
6. **Contact** – Sarah Rew ([sarah.c.rew@dcbs.oregon.gov](mailto:sarah.c.rew@dcbs.oregon.gov)). Additional materials are posted on Oregon OSHA’s [webpage](#) for this rulemaking under Documents.
