---

### ***Lessons Learned:***

- Exploding paint cans
- Reminder on Heater Safety – stacking materials on temporary shelving for winter use, make sure materials are free of heater or temporary heaters.
- Boxes around compressors for hearing safety.

### ***Continuing Business:***

**Status of rule making – Rulemaking updates can be found at:**

<http://www.orosha.org/pdf/rules/2013development.pdf>

### **Confined Space Entry –**

The next meeting is scheduled for 1/14/2014 from 9 am – 12 pm at the PGE Building. There will be a draft rule presented at the January meeting.

Oregon OSHA will allow employers to comply with either the state-initiated rule or the federal rule until revisions to the state-initiated rule are finalized. The final rule will not include any requirements that are more stringent than those in the current Oregon rule. (Link to the [confined space meeting minutes](#).)

**Small Capacity Cranes in Construction** – No news from federal OSHA. Crane certification providers are reporting that employers are waiting to see what federal OSHA requires.

**Welding** – Anticipating a meeting in January 2014 to discuss revisions to oxy fuel standard, Division 3.

### ***Monthly Overnight Hospitalizations & Fatalities Report***

Jeff gave a report of fatalities and overnight hospitalizations in Construction for the months of October and November. There were 4 fatalities and 7 overnight hospitalizations.
