Please make sure if you are joining the meeting virtually that you have your first and last name, along with your company. If there is no name listed, you will be removed from the meeting for security purposes.

Previous Meeting Minutes.

The July meeting minutes were approved.

Lessons Learned & Safety Suggestions:

No lessons learned or safety suggestions were shared.

OSHA Discussion:

Bryon Snapp, Statewide Safety Enforcement Manager shared a [presentation on rigging](#).

He discussed with the group certifications vs. qualifications.

General rigging rules are found in [Division 3, subdivision H](#), 1926.251 rigging equipment for material handling.

Division 3, Subdivision C, 1926.32 definitions:

(f) Competent Person means one who is capable of identifying existing and predictable hazards in the surroundings or working conditions which are unsanitary, hazardous, or dangerous to employees, and who has authorization to take prompt corrective measures to eliminate them.

(m) Qualified means one who, by possession of a recognized degree, certificate, or professional standing, or who by extensive knowledge, training, and experience, has successfully demonstrated his ability to solve or resolve problems relating to the subject matter, the work, or the project.

There is no definition for “Certified” of Certification”

All rigging must be inspected by a Competent Person.

Possession of a “rigging certification” alone is not evidence that a rigger is qualified for the lifting task at hand.

Rule Updates:

Oregon OSHA is currently working on the [Lead rulemaking](#).

Oregon OSHA will be working on rulemaking on Workplace Violence in Healthcare.

Monthly Accidents and Fatalities Report:

If there is an accident or a fatal incident that you would like more information on let Jennifer Stewart or Alta Schafer know so we can track it and can discuss once the case is able to be discussed.

The following is preliminary information as reported at the time of the accident intake.

Accidents –

33 Accidents – 8 construction, 23 general industry, 1 agriculture, and 1 forestry

4 personal medical and 29 trauma

Fall (same) 7

Fall (lower)	4
Struck by	4
Caught In	8 (Amputation 4, Avulsion 1 of the 8)
MVA	2
Exposure	3
WP Violence	1

1) 7/10/25, West Linn
